

CARE REPORT

1-23-2020

Patti Easterling, Co-Chairperson

We are in our 2nd year with our project, School Gardens for Healthy Nutrition. During this second year we now are helping to build the gardens.

Thanks to all the Lions of MD19 as we have raised over \$36,000 (as recorded on the 2018-2019 stats during the first year of the program). Our goal by July 1st is to be \$80,000 total for the two years of this program. Some districts are doing well but as a whole our #'s are down and we need to keep reminding our clubs that this is an important project. We also need to educate our clubs about the Gordon F. Smith Award, as many donate over \$500.00 but do not request this prestigious Award.

Respectfully submitted,
Patti Easterling
