2021 BC/Yukon Director 2024

October 2022

Directors Report:

As I conclude the first year of term as Director, I look back over the year at some regrets, some enjoyable activities and a great deal of learning as we updated the Bylaws and Policy manuals. This seems to be never ending as circumstances change in our present world. This can seem daunting when you look at the overall picture but when we break it all down into the individual sections, it becomes quite manageable. As a person that enjoys learning, I am being greatly satisfied with all of our efforts.

My activities include:

- Attending LFCDG Board and Committee meetings.
- Connecting with staff regarding questions that have been brought forward to me.
- Attempting to arrange for PCC Polly Voon, Leadership Campaign Chair to provide the LFCDG Report at the MD 19 Annual Convention.
- Providing information to the MD 19 Council Chair and Executive Secretary regarding the selection of the next Director for BC/Yukon.
- Updating the current DG's of the selection procession for the next Director.
- providing suggested businesses here in BC to PCC Polly Voon for the Capital Campaign
- Attending local events to promote support for LFCDG
- Searching an opportunity to speak to the Clubs of MD 19 at the DG's invitation.

Respectfully submitted,

Richard Simonson, PZC

Director BC/Yukon
