LCIF–BC Report

Little to update at this time.

I will be attending the LCIF CAII training in Vancouver October 2-4 (same weekend as the CoG meeting in Penticton) and will be preparing additional goals and developing strategies along with LCIF District Coordinators for L, I and O at that time.

Early indications are that BC is on trajectory for donations as seen in the past year when fundraising goals and the DG stretch goals were both exceeded.

Looking forward to working with our BC Districts and counterparts on the US side of the border in support of our Foundation and, I can always be contacted with any questions, concerns or suggestions regarding LCIF at:

PDG AI Stobbart
MD19 LCIF-BC/LCIF District O Coordinator
