

Int'l Relations and Participation Committee

Report by: PID AD Don Shove, Chairperson

Date Report Sent: 9/25/19

As our Lion year gets going full speed, we want to remind all Lions that Int'l Relations and Participation has many hats.

Diabetes, Vision, Hunger, Environment, And Childhood Cancer.

Locally we do a variety of all these, each club selects and does what they feel is their Humanitarian action.

Youth, Woman's Initiatives, social media, service activities, public relations, partnerships, membership development, travel to name some actions to further Lions and help their communities.

As we look forward to the net eight months of this Lions year, let's grow Lions by our actions.

Respectfully submitted

PID Don Shove

PDG Bill Karcher
