

## Youth Exchange Report

Our committee was able to get together via Zoom January 8th, and we've collectively agreed it's best not to participate in the Summer 2021 season. Camps and Exchange Programs around the world have come to this same decision. There are a few camps in Australia that are allowing New Zealand students to come enjoy the camps along with their Australian students, but that is definitely an exception to the rule.

February 10, 2021 we'll be holding a zoom Youth Exchange training for the District Youth Chairperson's or any interested Lions to learn more about the program. If you are interested or know a Lion who's interested in attending please send an email by Feb. 8th, so we can add them to the zoom invitation.
