## MD19 Council Chairperson

### Lyndon Harriman The Latest on Redistricting

Since the vote to redistrict on June 4, 2022 passed, the committee has been working feverishly, putting together documentation on the process and progress Multiple District 19 has made. Real progress has occurred in polishing the packet that will be presented to the Lions Clubs International Board of Directors. This packet has to be completed and in the hands of the Board by early August. This will allow the Board to review the information and form positions to discuss during the October LCI Board meeting where a vote will be taken to approve or deny our petition.

While the Strategic Planning Committee (SPC) has made real progress, many pieces of misinformation floating around have come to my attention. Most of these indicate that clubs cannot afford to make the change. I want to address these issues.

One I have heard several times is that clubs will have to buy brand new vests due to redistricting. This is totally false, there is no need or requirement to purchase new club vests. Your current vest will work just as it was intended, to identify your members while they are participating in a club activity. In most cases, vests do not designate your zone or your district, and if new ones were purchased, they wouldn't either. Coupled with this lament, is the notion that new name badges would also be required. Again, in most cases, your name, your Lions Club and perhaps your office is indicated. There is no need to purchase new ones. Still another complaint that has been passed along to me is the need for new banners and the expense associated with that. Again, the club banner does not indicate your zone or your district in most cases, so you won't need to replace it. Zone banners may need to be replaced if the zone designation changes. However, a good seamstress should be able to remove the old number and sew on a new one for a small fee, not a huge expense.

The only requirement regarding zoning is that it would need to be uniform across the district, so new district L could have zones L-1, L-2 or S-3, N-5 etc. and each new district could use this easy method of zone identification. Realize that the cost of a new or altered zone banner would be shared by the clubs located in that zone, making it a minimal amount. The district banner, however, would need to be replaced or again altered by a seamstress with the new designation; L, I, O, N or S depending on your new district. This cost too would be spread across the entire district, and the District Governor has funds that will cover this cost.

The minimal cost in materials to redistrict will not cost any member a single cent. Clubs, zones and districts will need to alter or purchase new banners. The cost to those entities will be determined by how much they are willing to spend. In fact, redistricting should impact the local club at little to no cost. Redistricting is shifting of our internal boundary lines to change from 9 districts to 5 larger ones. Your local club and members will continue serving your community, just as you always have to the best of your ability.

## Lions Foundation of Canada Dog Guides

By 19-A DG May Ho

As the District Governor of 19A, I am passionate and wish to dedicate my year to fundraising and assisting the Lions Foundation of Canada Dog Guides, because it is a charitable organization that focuses on bettering the lives of local Canadians.

The Foundation is my charity of choice because it aims to assist all Canadians with disabilities. The staff and volunteer for the Foundation work hard to train dog guides from when they are just puppies. For someone suffering from chronic illness or disabilities, even the most menial and daily tasks may be very difficult. However, with specially trained dog guides who are by their side for autism assistance, seizure response or to act as their eyes and ears, these Canadian of all ages are able to live their lives with greater ease, sense of safety and independence. However, there are a lot of expenses involved in training programs for dog guides and their professional handlers. Therefore, in order for more Canadians to be able to benefit from this meaningful program, it is crucial that we provide the Foundation with our utmost support.

There are already nationwide events dedicated to assisting the Foundation, namely the Pet Valu Walk for Dog Guides. However, we can always do more to help. District 19A is dedicated to making our society a more easily accessible place for our fellow Canadians.

I also support the Lions Clubs International Foundation. While the Campaign100 goal is to raise USD\$300 Million in five years, we want to show the world what Lions can do to impact the people in need.

District Governor May Ho immigrated to Canada in 1995 and has been the owner of City Wear Optical Ltd since 1997. She has been an active member of the Vancouver Metropolitan Lions Club and local communities for the past twenty-three years. Her role in non-profits is critical and influential as she hosts, organizes and participates in various local charities, fundraisers, and community-based events. She is also widely known for her singing and acting performances in local charity events. Her remarkable singing talents are recognized both locally in Vancouver and in Hong Kong.

DG May was part of the committee for the District 19A Diabetes Awareness Funding. Her outstanding participation and achievements were recognized through numerous awards, including the International President's Certificate of Appreciation, three Diamond Progressive Melvin Jones Fellow, LCI Zone Chairperson Excellence Award, 100% President's Excellence Award, two times Lion of the Year from the Vancouver Metropolitan Lions Club, one Top Sponsor of Members award from District 19A, a Progressive Judge Brian Stevenson awards and many others from the local communities.

DG May's ability to carry out successful local charity events and her role as an active member in various non-profit organizations underscores her ability to be a reliable and inspiring leader and contribute to the harmonious growth of our beautiful city.

## White Cane Safety Day In Penticton or Locally October 15, 2022 Will You Join the Celebration?

As we prepare for the 101<sup>st</sup> MD19 Annual Convention, did you know that this year we share that date with International White Cane Safety Day? That makes it the perfect time to reflect:

To many, the image of a curved handled white cane has become the symbol of a plea for support of a disabled community in need. A symbol used by Lions Clubs and others to raise money for important services to prevent blindness or

assist people who are blind. But for those who are blind October 15, White Cane Safety Day, as it was named by the US Congress in 1964, or Blind Americans Equality Day as it was designated by President Barack Obama (2014), the meaning is best exemplified by the updated logo/label you can purchase from LCI (Lions Club International): A solid blue circle with a current-day straight white cane with a White Cane Day banner attached noting "Lions Support" above the banner, and the words "Independence, Mobility, Safety," below the banner. Whether a blind person uses a white cane or a guide dog to improve their access to and independence in the world, White Cane Day is a celebration of the abilities and achievements of the blind and a commitment to inclusion, accessibility, and safety, locally and internationally.

While some Canadians also participate in the October 15th observance, many continue to celebrate White Cane Week, as they have since February 3, 1946, when the Canadian National Institute for the Blind (CNIB) and Canadian Council of the Blind (CCB) jointly made that proclamation.

As we approach this day, the MD19 Lions Knights of the Blind Committee (KOTB) encourages all Lions Clubs, Zones and Districts to join in the celebration to increase Awareness of the meaning and importance of the White Cane among our Lions Clubs and within our communities! A variety of ideas and links to resources can be found on the LCI webpage at this link [White Cane Safety Day | Lions Clubs International](#).

For assistance in planning your activities for your Club or your Community, don't hesitate to contact your MD19 KOTB Leadership: Chad Lewis, KOTB Chair, [chadlewis18@hotmail.com](mailto:chadlewis18@hotmail.com) (509-475-1799) or Colette Arvidson, KOTB Secretary, [colette.arvidson@gmail.com](mailto:colette.arvidson@gmail.com) (360-391-5880). They will connect you with your designated KOTB District Representative.

Lions in the Seattle area who are unable to attend the MD19 Convention in Penticton are welcome to join the Seattle White Cane Day Walk, Saturday, October 15, from Seattle Center to the Washington Talking Book and Braille Library. Click here to register:

### **Back to the Future with Endless Vision**

Our MD19 Annual Convention is approaching quickly, our International Guest is John Youney from Maine and his wife Karol. They are excited to be coming, as the Okanogan Valley is on their bucket list of places to see.

This year there are some very interesting seminars scheduled. On Thursday afternoon there will be a Global Summit with our LCI GAT Staff person Lion Kelsey Ax with a two-hour meeting from 1:00 pm – 2:50 pm. While this is open to all Lions, Leos and Friends, this is especially geared towards those of you on your District Global Action Teams. Following Lion Kelsey will be an informative seminar led by PID Garnet Davis who is the Canadian LCIF Trustee. He will be sharing with us the "How To" succeed with your LCIF Grant application with the inside scoop of what to do, what not to do and when to apply.

Friday 2:30 pm – 4:30 pm will be an opportunity to join ID John Youney talking with us as we go, "Back to the Future with Endless Vision". Saturday will bring opportunities with seminars involving the Lions Foundation of Canada, Youth Exchange, Childhood Cancer, CARE, and BC Lions Society. Additional options involve Zone Chair, President & Secretary rap session and a double length session for all attendees centering around the GAT. Saturday afternoon continues to bring us information as well, with talks from the Environmental Programs, Knights of the Blind, How to start a Leo Club, Lions Quest and Marketing.

Join us in Penticton Wednesday as we tee off the first annual golf tournament starting at noon. Yes, we know that back in the day there were many golf tournaments, but this is the first that may offer you the opportunity to play golf with me, Executive Director Peter Anderson who has been know to tee off and hit the ball a good 30 yards BEHIND the tee!

Remember Penticton is where Lions will show an "Endless Vision for Providing Service", and we will help your Lions Club get Back to the Future.

## Youth Exchange - Camp Camano

By Tammy Allen

Camp Camano was developed over the past two years. I attended a USA/Canada & Australia Youth Exchange Forum, February 2020 in Dallas Texas. I learned that our Multiple District (MD19) didn't have a camp in conjunction with the host stay for students like many other districts have. Here we sit in the beautiful Pacific Northwest and don't offer a Youth Exchange Camp, so I made it my personal mission to make it happen! Camp Camano is offered for students ages 16-20 years of age.

Obviously, this is a huge undertaking and wouldn't have been possible without the help of many clubs and friends! I want to thank: Ashley Burmaster YEC Dist. F, June Ferreira YEC Dist. C, Lauren & John Nowack, PDG Ken Allan, PDG Lonnie Morgan, PZC Rob and Kathy Schumer, Selah Valley Lions Club, Yakima Lions Club, Naches Lions Club, Sumner Lions Club, Key Peninsula Lions Club, Burlington Lions Club, Mt. Vernon Lions Club, Bellingham Central Lions Club, Harborview Lions Club, Coupeville Lions Club, Arlington Lions Club, Sedro Wooley Lions Club, Concrete Lions Club, Enumclaw Lions Club, Lions Youth Exchange Foundation of MD19, YEP District 19B Foundation, Seattle University Ballard Lions Club, Tree Top and MD 201 Australia YEC Suzanne Newton!

The students came from all around Europe along with one student from the USA. Greta & Abel from Hungary, Maya from Minnesota, Lovro from Croatia, Lisa from France, Alfredo from Spain, Markus & Merle from Germany, Julia & Szymon from Poland, and Frederique from Belgium.

Camp Camano took place from June 23 - 30, 2022. While staying at camp, the students visited many different places. Our whirlwind of fun included:

June 24- Visited Fort Ebey on Whidbey Island and enjoyed a movie at the Blue Fox Drive-In Theater.

June 25- Visited Coupeville Lions Club, where lunch was provided, toured the Pacific Rim Institute and Historical Owl Barn. Visited Fort Casey, then took a ferry to Port Townsend and back, and finally walked over Deception Pass Bridge before returning to camp.

June 26- Went to Bellingham and visited the MD19 Lions Building, hiked up Mt. Baker and played in the SNOW. Went to Helmick Park in Sedro Woolley where dinner was provided by Sedro Woolley Lions Club and Concrete Lions Club.

June 27- Camp Camano Give Back Project was to paint 14 of the small cabins at camp. Then, we enjoyed a full afternoon on Camano Beach, and dinner was provided by the Arlington Lions Club.

June 28- Visited Paradise on Mt. Rainier and once again played in the SNOW. Then, drove to The Claw in Enumclaw where dinner was provided by the Enumclaw Lions Club.

June 29- Visited Seattle Space Needle, and Armory and Fountain, before returning to camp where dinner was provided by Mt. Vernon, Burlington, and Bellingham Central Lions Clubs.

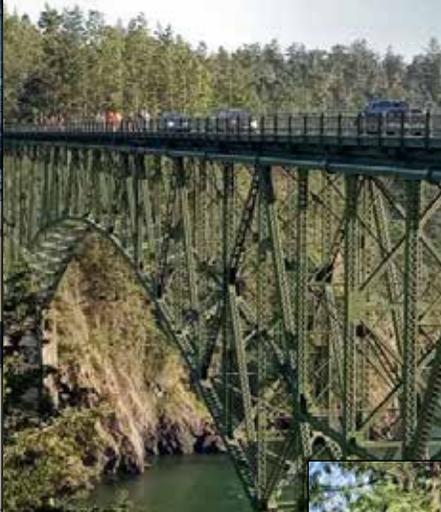

June 30- Students were picked up from Camp by their host families by 11 am.

The students stay with host families for 2 -6 weeks in the following cities: Bonney Lake, Olympia, Washougal, Yakima, Naches, Selah, and Asotin.

The camaraderie and friendships that have developed with these students from eight different countries during this week has been incredible, and certainly warms my heart!

We still have a few things planned during the host family stay as well such as floating the Yakima River, attending a Pip-pins Baseball game, and visiting a couple local Lions meetings!

Take a look at some of the pictures from camp on opposite page (page 13).

## Planning Ahead While Traveling

By Council Chairperson Lyndon Harriman

My wife, Peggy, and I were very excited to travel to Montreal for the 104<sup>th</sup> Lions Clubs International Convention in late June of 2022. I, as the recently elected incoming Council Chairperson, was anxious to meet the District Governors Elect in person and experience with them the transition into District Governors. The loss of my crown from one of my molars the night before we started the trip, (As of this writing, I am still waiting to have it reglued), was a portent of things to come. It was certainly a memorable trip.

Pre-COVID 2019, we had planned a spring break trip to the Bahamas to get some sun and relax. Spring of 2020, everything shut down and our carefully arranged travel plans and nonrefundable tickets were useless. However, our travel agent managed to get us credit for the tickets and the airline allowed us two years to use the funds. So, we used the credits to purchase tickets to Montreal. Due to reduced flights and fewer options for direct flights, we were forced to use an itinerary produced by the airline. This is what followed: The first leg of our journey began in Spokane on June 22, 2022. We arrived at the airport three hours early and discovered we could not check in until we added the ArriveCan app to our phone. Spokane Airport is notorious for poor internet connection, so Peggy and I wandered around until we got a strong enough signal to download the app. Finally, an hour later, the app was loaded, the paperwork was completed, and we proceeded back to the check-in counter. We checked in and paid \$30 to have one bag checked through to Montreal. We cleared TSA and eventually boarded our plane for our first leg to Phoenix, AZ, where we had just enough time to catch our flight to Dallas, TX. Remember, I said we were locked into the flight schedule set by the airline. We arrived in Dallas around 10 p.m. and a shuttle took us to our hotel for the night.

By the time we arrived at our hotel, everything was closed except fast food, so we walked across the parking lot and grabbed a Whataburger; they closed right after we got there. Whew! As we were settling in, my wife figured she would check us in for the 10:30 a.m. flight to Montreal. This time around, she got a message that she had to download VeriFly before we could check in. This required her to upload our pictures and COVID vaccine cards, then wait for approval to check-in. She finally got us checked in at 3:00 a.m. But wait, there's more. Since we overnighted in Dallas, lasting 13 hours, we had to pay another \$30 to check in the bag we already paid for, if it had been only 12 hours, they could have checked it all the way through to Montreal. Lesson learned!

We arrived in Montreal on time, got through customs and collected our luggage and proceeded to our hotel. Finally, we were able to relax and enjoy our stay. A wonderful time it was, marching in the parade, attending the plenary sessions, listening to the speakers, voting, shopping at the Lions store and booths, spending time with other Lions from our Multiple District, and enjoying dinner together. It was a special time.... WOW!

Soon enough the convention ended, and we began preparing for our return trip, a retracing of our steps for the journey home. That evening, my wife tried to check us into the airline, she received her boarding pass on her phone. Sadly, I was unable to check in electronically. Peggy called the airline, and they informed her not to worry that I'm checked in for the flight.

The next morning, we arrived three hours early for check in and baggage. The airline attendant ran off our boarding passes and we proceeded to TSA/security. Peggy cruised through without a hitch, of course she gave me the carry-on luggage. Whoa, I was flagged for a "THOROUGH SEARCH" as my ticket has four S's across the top and four S's across the bottom. Before I even got to the magnetometer, I was patted down and a wand is sweeping over me. The wand goes bonkers, due to my artificial knee, so they had to do a more invasive search, feeling along my waistband and around the cuffs on my shorts. Mind you I was wearing walking shorts, a tee shirt and socks. After the more invasive pat down, I proceeded to the magnetometer, which beeps. Again, I had to step aside to be wanded, and pat searched. I, again, explained that I have an artificial knee. Can't you see the scar, I inquired? From there, I'm directed to pass through the X-ray machine, where you stand with your hands over your head while the machine scans you. Well, you guessed it, it shows something, metal, somewhere. So again, I'm wanded and extensively patted down. Next, I proceeded to pick up my shoes and carry-on luggage from the baggage screening machine. Not so fast - my luggage had to be opened and every item examined. Meanwhile, my wife patiently waited for my ordeal to be over. As the agent opened my luggage, he noticed my wife and exclaimed, "What's she doing there? Is she supervising me, is this a security test?" I replied, no that's my wife waiting for me. He responded with, "Well, she can't stand there, she has to move." I started getting strange looks as the agent pulled out perfume, makeup and a curling iron from my luggage. His wand detected nothing, so they cram items back into my suitcase and laptop bag. Then, they demanded that my cell phone be disassembled, removed from its protective case, and the back removed before he would/could run a wand over it. After my hour-long ordeal was over, I was allowed to put my shoes and hat back on and fill my pockets with my wallet and passport. We proceeded to our assigned gate.

The flight home was uneventful. We arrived in Dallas on time, with an hour layover. We caught our flight to Spokane and arrived home after traveling all day and half the night. I am grateful to be home. The next day we got on the computer and began the process of applying for a NEXUS card. Anything to make travel easier and faster. Hint: always plan for the unexpected, you won't be disappointed.
