Attn: My Fellow Lion Club Member,

I got your email from your Club/District Directory of Lions Club. My name is Dr. Edwin Clark (Jr.) of Lion Club of District 404 in Nigeria. I am also the Chief Accountant with the Federal Ministry of Agriculture (FMA) in Nigeria.

My colleagues and I over-invoiced a contract awarded to an Indian Firm in 2023 to the tune of \$25.5 Million for sharing and investment purposes by three (3) of us as members of the contract award Committee in my ministry. All arrangements have been concluded on how to transfer this fund into a safe foreign account after the original contractor had been fully Paid.

As civil servants, we are not allowed to operate foreign accounts hence I am seeking your mutual assistance as a fellow LION and also as an India businessman which will make the payment of the contract sum easy for documents to receive this over-invoiced sum of \$25.5 Million on our behalf in your bank account. I will furnish you with the full details of this claim after I receive your favourable reply to work with us in this deal. There is no risk involved in this claim as we shall follow all due process associated with international funds transfer of this nature to give this claim full legal backing so that we can both sleep with our two eyes closed when this contract sum is being wire transferred to your bank account in your country.

I am contacting you based on TRUST as a reputable Lion in your Club as well as district hence I believe you will not betray the confidence repose on you at the conclusion of the funds payment to your bank account in your country. Please indicate your interest by sending your full name, your contact address, your ID and your whatsapp/phone numbers so that we can talk on this very important business proposal.

Please treat with utmost confidentiality.

Yours in Lion Service

Lion Edwin Clark Jr.
Chief Accountant
Federal Ministry Of Agriculture
Abuja - Nigeria
